DEMONSTRATOR POSITION

The Department of Anatomy, Histology and Embryology awaits the application of **DEMONSTRATORS** for the academic year 2023/2024.

The appointed demonstrators will receive the opportunity for active teaching in the curricular practices of the Department of Anatomy, they can deepen their anatomical knowledge and obtain tuition experience. Furthermore, the demonstrators will hopefully join the research activity of the Department of Anatomy as a TDK- (scientific student circle) student.

During the demonstratorship in the Department of Anatomy the demonstrators will accept, that are only allowed to help the students in the subjects related to the Department (anatomy, histology and embryology) outside of the regular classes without accepting any recompense.

Those students of the University can be appointed as demonstrators who – according to the Demonstrator Regulations of the Albert Szent-Györgyi Faculty of Medicine and to the requirements of the Department of Anatomy - are at least in their third year (or the second in exceptional cases), and whose

1. study average in the previous four semesters (2021/22. and 2022/23. academic years) in compulsory subjects is at least **4.00** and
2. who have been awarded at least a **good (4)** grade for the **final examination in Anatomy**.

An advantage is given at the ranking for

a) Students who attended the „Clinical Anatomy”

b) foreign language competence certified by a state-recognized language examination

c) extracurricular preliminary research or scientific student circle activity, perhaps giving lectures, producing research papers, congress appearances, complementary research activity related to medical studies (specialist translations, partaking in special courses, giving scientific-educational lectures, health related, informative-educational activity, etc.).

The applications will be sent to the Dean after they have been ranked at the Department of Anatomy.

The demonstrator tender application must include:

- the papers named above: **the filled out application form** (5th page of the demonstrator regulations), the **registry sheets** of your last 4 semesters (including the current one), copies of the documents of your values listed in the application form (like language exams, etc.). *The Department of Anatomy does not require a work plan.*
- Former demonstrators must include the demonstrator report of the previous semester.

The demonstrator tender packages have to be submitted to the secretariat of the Department of Anatomy.

Deadline: 30st June 2023. 12:00 am
